Art Unit: 2827

Restriction to one of the following inventions is required under 35 U.S.C. 121:

I. Claims 30-47, drawn to a product, classified in class 174, subclass 250.

II. Claims 48-54, drawn to a process, classified in class 29, subclass 846.

The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case, the product as claimed can be made by another and materially different process such as a process having no etching step.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of
